The Great Removal Sale.

Having determined to close out our entire stock of goods in Gainesville by Nov. 30, we will put on sale our dress goods, boots, shoes, etc., at actual cost, with no intention of closing out.

COST. NOW.

The prices have been put on our goods and time will prove what we say is true. When we say cost, we mean cost. No one will doubt but what we have the most complete stock of dry goods that was ever brought to Gainesville. The ladies have already found out that our prices are as we represent them and have shown their appreciation by buying while they can secure first choice.

COUNTRY MERCHANTS,

Or merchants who are not accustomed to going to the Eastern Markets will find it to their advantage in calling and seeing our goods be- fore placing their orders elsewhere. So remember the place to come when you wish to spend your cash. Respectfully,

Meditation on Death.

Oh, foolish one! why thinkest thou that thou shalt live long, when thou art not sure of a single day? How many have been snatched away from the body? How many times hast thou heard how one was slain by the sword, another was drowned, another falling from on high broke his neck, another died at the table, another whilst at play. One died by fire, another by the sword, another by pestilence, another by the robber. Thus cometh death to all, and the life of men swiftly passeth away like a shadow. 'Who will remember thee after death? And who will entreat for thee? Work, work now, oh dearly beloved, work all that thou canst. For thou knowest not when thou shalt die, nor what shall happen unto thee after death. While thou hast time, lay up for thyself undying riches. Think of nought but of thy salvation; care only for the things of God. Make to thyself friends, by venerating the saints of God and walking in their steps, that when thou findest, thou mayest be received into everlasting habitation.

Keep thyself as a stranger and a pilgrim upon the earth, to whom the things of the world appertain not. Keep thine heart free and lifted up toward God, for here have we no continuing city. To him direct thy daily prayers with crying and tears, that thy spirit may be found worthy to pass happily after death unto his Lord. Amen.

It Was a Big Mistake.

"Many men have been taken for somebody else of prominence, but I doubt if anyone but myself can boast of having been mistaken for the Angel Gabriel!" said Senator Palmer to a reporter. It was this way: While I was Military Governor of Kentucky a disturbance occurred in some town in the interior. I was in an other. There was no train, no omnibus, no buggy nor carriage. The only sort of vehicle available was a big gilded circus chariot left by some stranded show company. I didn't like it, but there was nothing else, and I got in. I cut a great dash as I drove through the small town. People turned out in droves to see me pass. When I left the town behind and reached the plantation the negroes saw me and started with open mouths. They followed me, keeping at some distance, for they had never seen such a splendid vehicle. They kept on until after while they were joined by an old fellow, a Levite on us as the property of a man and his gilded chariot raised his arms on high and his eyes, too, and with a voice that stirred all within hearing, he cried: "Bless de Lord, de day ob judgment am cum, an dis gen'tl'man am de Angel Gabriel hisself. Brethren, down on yo' knees an' pray, fo' yo' hour am byar."—Omaha Bee.

Postponed Sheriff's Sales.

Will be sold to store the court house in the town of Dahlonega, Ga., on the first Tuesday in November next, within the legal hours of sale, the following property, to-wit: Also at the same time and place, lots of land Nos. 121, 122 and 123 in the 5th district and 1st section of said county, G. M. of said county in favor of D. M. Fowler vs. Jephtha Cochran. Each lot contains 40 acres more or less. Levy made and returned to this J. P. Cronin, L. C. This Oct. 1, 1894.

Drifting Apart.

No word of anger spoken,
No pledge of friendship broken,
Just to drift apart.
O'er each heart a creeping chill,
In each touch a dying thrill,
Thus we drift apart.
Just to feel each now-born day
Further from your heart away,
As we drift apart.
Just to think at a waning light,
There's no wrong my lips can right,
We must drift apart.
In it all to feel and see,
Best for you and best for me,
That we drift apart.

The Folly of Loving Wealth.

The facts of human history, of personal biography, demonstrate clearly enough that men are controlled by principles of folly in the conduct of life. We find the inhabitants of the world under far different principles than those which would proceed from a fountain of wisdom. It is folly that prompts men to the commission of crime. The universal prevalence of truly wise sentiments would banish sin from the world and do much toward bringing back the reign of paradise. Want, and all the misery that proceeds from the unequal distribution of property, would flee away from our sight if the true wisdom should have anything like a fair opportunity to exercise her influence in the world. What substantial wisdom is there in accumulating masses of gold? It cannot be used as food for the stomach. Stocks in banks and other corporations can furnish no more fond than the precious metals themselves.

After the pressing wants of an individual have been supplied, it is only a small amount of profit that grows out of an abundance of wealth. It may be of some satisfaction to a boastful, ostentatious man. He may delight in the reputation of possessing much of this world's goods. But all this is a vain show. Wisdom has no place in it. There is something of a childish nature in it. The mind of a mature, wise man turns from such a course of proceeding with something of disgust. Wisdom would prefer the relief of the suffering to the accumulation of stores of superfluous wealth. The wise may never boast because he is rich and his neighbor is poor. He will desire such a use of his property as will nearly obliterate the distinction between the rich and the poor.

Dahlonega Signal.

DAHLONEGA, NOV. 2, 1894.

We need a chance and we need it now.

We want more houses and fewer landlords.

Moneycrats, plutocrats, and autocrats, demagogue.

Macon and Atlanta will soon be connected by telephone.

By legislation the moneycrats have enslaved the people.

The state alliance exchange has been closed out in Atlanta.

Who feels the landlords? Their poor and often defrauded tenants.

If you need good times in your business be certain to vote for them.

The democrats reduced the populist majority in the 9th by throwing out precincts.

God has given the people bountiful crops. But the usurers have robbed them of their labor.

Twitty finishes up his campaign speeches by addressing the people of Gainesville Monday evening next.

Sorrow, misery and death mark and accompany the rule of the old parties. Give the Populists a chance.

It is believed Macon will be the successful man for the U. S. Senate on account of him belonging to the ring.

According to the old party arguments war makes better times. If that's true we ought to have war all the time.

Talk about the populists being office seekers no longer. There are 26 democrats applying to the Governor for one office alone.

It is about time congress abolished thousands of petty offices, and reduce salaries to correspond with the earnings of the people.

W. H. Lynch, a member of the Bank county democratic executive committee quit the old party this week and joined the populists.

It is said that the democrats of Gainesville are proposing to give men free tickets into the circus next Tuesday if they will vote with them.

Go out next Tuesday and cast your ballot for Twitty. He has already proven himself to be a friend to the common man by his acts while in the legislature.

Don't be deceived Tuesday by getting light on candidates liquor and voting against the interest of yourselves, wives and children. But put your ticket in straight for Twitty.

Every Populist defeat the old party declares that have buried the Populist forces, and at the succeeding election there are more Populists than before. It is a lively corpse.

A negro child 6 years old with a head as large as a waterbucket, was carried through Atlanta last week by its parents, and will form one of the curiosities of the "midway" at the Macon fair. It was indeed a freak of nature.

Boss Carter is "getting a ten cent move upon him," since his District gave him a majority for Governor. If it took \$4,000 to defeat Pickett in '92, he had better write a check for \$5,000 to defeat Twitty—Republican.

Assistant Postmaster Owen of Marietta, has a rock taken from the Hiwassee river bank, in Tennessee, upon which is photographed through the trees of the immediate locality from which it was taken. It is thought a flash of lightning did the work.

Arrangements are being made to have Harry Hill pardoned out of the penitentiary. You will remember during the primaries that it was reported that Mr. Atkinson promised the Hills if they would go for him that he would do this. Now let us see.

Mr. Wilson, of Clay, should have a hot brick applied to his feet while in Atlanta. He has introduced a bill calling for a summer session. And Mr. Bailey, of Spalding wants an increase of two supreme court judges. These same questions were voted down by the people less than 30 days ago.

Senator Craig, the republican senator, has been granted a leave of absence so as to go home and work for Tate. Men who are elected to represent the people should remain at their post, be they republicans, democrats or populists.

Probably the only long leaf pine tree which was ever seen in Hart county was made into lumber by Temples & Son at Hartwell, a few days since. It grew in Reed creek. The trunk made six saw logs and over 1,800 feet of the finest lumber.

The Judge and Solicitorship.

The democratic members of the Georgia legislature held a caucus to decide who would be the choice for the various solicitor and judges of the different offices of the state, as well as that of chief justice of the supreme court, last Friday and the result for chief justice, solicitor and judge of the Northeastern circuit is as follows:

Col. J. J. Kinney received 98 votes for judge and Col. H. H. Perry received 63.

For solicitor: Howard Thompson 87, W. A. Charters 77.

Associate justice of the supreme court, Spencer R. Atkinson, of Brunswick, received the highest vote.

The populists refused to vote when the election came up in joint session.

The Inauguration.

Hon. W. V. Atkinson was inaugurated Governor of Georgia in Atlanta last Saturday at noon in the presence of about 1,500 people, and Governor Northern, who has been filling the chair for two terms, turned over the great seal of the state to his successor and stepped down and out.

If Governor Atkinson carries out the plans mentioned in his address, there will be but little room for the people to grumble.

In making out his official household afterwards some slight changes were made. He retains the services of Col. James W. Warren as his chief secretary. Hon. Richard Johnson, of Jones county, is appointed to succeed Capt. Pat Harrison, and Mr. Frank Calloway, of LaGrange, succeeds Mr. Standhope Sims. Mr. Sims was not an applicant for reappointment.

Mr. Tate's Letter.

While Mr. Tate is from home speaking he has a friend at Jasper sending out letters with his signature to them, enclosing two or three tickets to laborers throughout the district, and appealing to them for their support. Numbers of parties in this county have received some of these so called personal letters this week.

Here's a copy of the hundreds of letters bearing the same date:

Jasper, Ga., Oct. 26, 1894.

I write to ask your active support in the coming election. I am present at every session of congress, and have endeavored to make you and the people of the Ninth District feel that I am their representative. It has been a constant struggle to get you to vote for me, but I have done my duty. Will you please do all you can to get out all my friends on the first Tuesday in November?

Remember me to that on the eve of the election, when I am too late for you to meet there, some sort of false statements are to be given out for the purpose of inducing voters against me. While I hope that this report is untrue, and that this election will be free from such foul and unfair methods, yet, if it is as reported, I feel confident that you and the people of this district will repudiate those who resort to them.

Again asking your active support, am, Yours truly, F. G. Tate.

Minney's Appeal to the ladies to Help Rescue Carter Tate.

We are informed that Professor O. W. H. Minney, who taught school at Tate last year, has written a letter to the D. P. Society, of the North Georgia Agricultural College, of Dahlonega, and of which he was once a member, urging them to hold a meeting and pledge to Carter Tate their support. Here is the substance of his letter:

Can you call a meeting of your society, and all the college boys, and pledge to Carter Tate your support? Ask all the boys to write to their friends and do all in their power to support Carter. Ask your lady friends to help. They are fine workers, and do much.

The above shows very plain that Carter's followers can see nothing but defeat staring them in the face, and that without more and better help, that Democracy in the 9th district will meet a Waterloo on the 6th of November—Jasper Republican.

You have a right to be a man that himself to be a people.

You have a right to support for years, for you devised a law to keep you and you to the government.

You have a right to an extra Congress was done? Com.

He fought tax on liquor.

He assisted in making the price of fire crackers reduced and tacked on to sugar. That's all. Yes, we believe that there is another thing he accomplished while in Washington. It had the schedule of the mail from this place changed so as to depart from Dahlonega at 12 m. instead of 6 a. m., for Killebrew.

Now if you want a representative that favors cheap liquor and fire crackers and cheap sugar, Tate's your man.

The expenses of the government for the month of October, ran ahead of the revenues \$12,000,000. If you favor this, continue voting the Democratic ticket.

A Boy Bitten by a Rattle Snake—Other Auraria News.

Farmers are busy gathering corn and making sorghum. James Chambers and James Trammel made 300 gallons last week on the drain 10 and W. Y. T. Harrison made 200 gallons on his place.

The miners are all busy hunting the particles but not finding them very plentiful.

The Ralston mill is now crushing ore—20 stamps running day and night. The Hedwig, the new 10 stamp mill will be completed at the end of the month. It is the finest mill in the country.

P. V. Woody's son was bitten by a rattle snake last week on the foot. At present, he is recovering from the bite so far. Spirits of turpentine was applied immediately. I believe that spirits of turpentine is a sure remedy if used at once as Joe knew of two cases being treated this year, the other a bite from a pit.

P. V. Woody and family have moved to Auraria. We welcome them to our midst. Virgo is a good bull, at present, and will be missed at Dahlonega during election times, but Dahlonega's loss will be Auraria's gain, for it is going to take a handsome majority at Auraria, and don't you forget it.

Temperance.

En. SIOXAL:

"In ten years in this country it is reported there has been 23,384 deaths from yellow fever, 630,000 deaths from alcohol," yet we license alcohol and quarantine yellow fever.

"It is said that there are 11,000 persons in hospitals in Germany who are suffering with delirium tremens," and yet saloons are licensed.

"All persons found drunk on the streets in St. Petersburg are published in the official Police Gazette when it is said the names of prominent men and women appear."

"There is a law in Michigan authorizing the courts to send any one convicted of drunkenness to an institution at public expense." Yet no saloons are licensed to make drunkards.

This fact is "stranger than fiction."

N. F. HOWARD.

Democratic Madness.

Is it not ludicrous to elect Democratic Congressmen in Georgia when we all know that the one half of them will kill the votes of the other half?

Turn out to vote against silver: so will Black, Lawson, Russell and Crisp.

Moses will vote in favor of silver: so will Maddox, Tate, Lester, Livingston, and, perhaps, Bartlett.

One-half of these men are sent to undo what the other half may do.

One-half are elected as friends to the Democratic ticket, the other half as enemies thereof.

Think how absurd this is!

Suppose a farmer were to hire one man to split rails and another to prevent him from splitting them.

Suppose a merchant were to employ one clerk to sell goods and another to prevent it.

Suppose a man who owned a mill should employ one man to run the mill and another to stop it.

Suppose a railroad company should hire one engineer to run the engine, and another to keep him from running it.

Suppose one doctor were employed to cure, and another to kill.

Suppose a client employed one lawyer to win his case, and another to lose it.

In each of these suppositions we have a climax of folly—an impossible altitude of imbecility.

Yet, the dear old Democratic party, is doing the very thing which we suppose in each of these mentioned.

The Democrats are moving heaven and earth to elect both Lawson and Moses—knowing that Lawson will vote in direct opposition to Moses on the most important issue of the day.

They are expending every energy to elect both Turner and Tate, knowing that Turner's vote in Congress will kill Tate's.

They are preparing all sorts of fraud and political trick to elect both Livingston and Black—knowing that they will pull different ways on the silver question just as they did before.

In short, the dear old Democratic party is trying to elect a certain set of congressmen to give us more money, and, at the same time, an equal number to see that they do not succeed in doing it.—Daily News.

A Century to Come.

Who'll press for gold our crowded streets,
A century to come?
Who'll tread our charcoals with willing feet?

A century to come?
Pale, tremulous men and long youth,
And childhood with its brow of truth,
The rich and poor on land and sea—
Where will the mighty millions be?

A century to come?
We all within our graves shall sleep,
A century to come?

No living soul for us will weep,
A century to come?
And other men our lands will till,
And others than our streets will fill,
And others shout and sing as gay,
And bright the sunshine as to-day,
A century to come.

The Country Newspaper.

If you have anything to sell that commands trade outside of your own city, use the country newspaper.

In the country newspaper you have a reliable and effective friend that does its mission more manfully than any other newspaper. It is the metropolis of the metropolis.

In the country weeklies the marriage bells toll more joyfully than in the great city papers, and when the columns of such a home paper tell us that some humble person has gone from the world, we read with tears, for he was our neighbor and friend.

The country newspaper is not only a business guide, but it is a pulpit of morals for the entire community and country in which it is published. It is a kind of public rostrum where the affairs of state are considered; it is a supervisor of the streets and roads, it is a social friend, a promoter of friendship and good will.—Printers' Ink.

How Moody Made His Money.

"Mr. Moody's money—where does it come from?" some people have asked in connection with his mission work and his pushing of the Northfield schools.

Faithful some have been made by successful authors through the publication of their works, but the individual profits of the greatest writer or novelist who ever achieved fame and fortune would be insignificant to what has been derived from a little 6 by 4 book called "Gospel Hymns and Sacred Songs," by D. L. Moody. P. P. Bliss and Ira D. Sankey. Millions of hands have turned the pages of this little volume, and millions of voices have rendered praise from it. Publishing firms, both in England and the United States, have made magnificent fortunes from the sale of the work, and the receipts grow larger every year.

The enormous sum of \$1,250,000 cash has been paid in royalties to the interests represented by Mr. Moody since the book was first published, 20 years ago. The sale of hymns is said to have reached the wonderful total of 20,000,000 volumes. The price of these books has ranged from 5 cents up to \$1.25, but whatever may be the selling price Mr. Moody has received the uniform royalty of 20 per cent.—Boston Record.

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

A Great Volcano.

Its length is fourteen thousand feet, or very nearly three miles, and the breadth somewhat less. The form of the crater internally is peculiar. If one were to dig a little hole in the ground, roughly oval in shape, say three yards by two, and a foot in depth, then into the middle of this hole sink a large flower pot till the rim was level with the bottom of the excavation—something like the shape of the crater of Kilauwea would be obtained. When the crater is, so to speak, empty—that is, during the collapse that follows a great eruption—the height of the vertical exterior walls of the crater is something like six hundred feet.

At this depth there is a more or less level platform, called the Black Ledge, all round the central pit, which pit is in its turn still from four hundred to six hundred feet deeper. The great extent of the area covered by the crater, and the height of the surrounding walls above the bottom of it, afford excellent facilities for observation. Although the crater is so large, its level above the sea is not much over four thousand feet, or similar to that of Vesuvius. Even when the crater is ready for an eruption, it is safe to stand on the brink of the great pit and watch the boiling columns of sweeping lava floods and violent but harmless flowing cones.

The action of the liquid lava is ordinarily so quiet and regular that all parts of the great open arena may be traversed with safety; and the margins of the fiery lakes, if the lava is not too great, may be made a sleeping place for the night—with only this possibility, that the lava may well up and spill over. This spilling over may be the sending away of a stream for a mile or two across the crater's bottom; but, standing a little to one side, it does not damage, and the next day the fresh lava may be walked upon. Thus the crater may be followed in all its interior changes month after month. There is terrible sublimity in the quiet work of the mighty forces, and also something alluring in the free ticket offered to all comers.—Chambers' Journal.

Their Favorite Food.

There is a fable of German origin which describes the terrible adventures of four flies in search of a breakfast. The first fixed his attention on some tempting jam, but the jam had been adulterated with opium, so that this fly died from its influence. The second, thus warned against luxuries, resolved to eat only bread. But the bread was adulterated with alum, so this fly died from internal cramp. The third, in the hope of drowning his grief for the loss of his companion, bestowed himself to the edge of the beer jug. But the beer was adulterated with Cocculus inebrius, so this fly, too, gave up the ghost, a victim to poison. The fourth fly, seeing the fate of his comrades, decided that life was not worth living and proceeded to commit suicide on a paper labeled "Fly Poison." But the more he ate the better he thrived, for the fly poison, like everything else, was extensively adulterated, and succeeding generations of flies have adopted it as their only safe food.

Dalhousie Signal.

DAHLONEGA, NOV. 9, 1894.

Entered at the Dalhousie, Ga. P. O., as second class matter.

See additional Sheriff's sales in this issue.

The name of F. D. Price, of Denver Co., was registered at the Hall House last Friday.

The tax collector has already made two rounds in the county but the collections are small.

Judge Williams visited Auraria Tuesday to fix up some old veterans claims that met him there.

T. M. Ash was married last Sunday to Miss Sallie Nicholson near Jay. Esquire Mote officiating.

Editor McNeely also visited Gainesville Tuesday and left his paper in charge of the "devil."

Mr. Riley Davis, who has been residing in this county for more than a quarter of a century, died at Auraria last Sunday.

Mr. Lewis Hawk, of Fannin county, was married to Miss Martha Bryant, of Lumpkin in the upper edge of this county last Sunday.

Marion Turner, of this county, has been bound over by Com. Baker this week charged with violating the Internal Revenue laws.

Rev. Mr. Boyd pastor of the Baptist church at Dalhousie, had a visit from his uncle by the name of Boyd, Sunday who resides in Hall county.

Mr. John W. Hunt, residing in this county, showed us an Italian coin Tuesday, which he found recently, bearing date of the year 1809.

Last Monday's "epidemic day." Quite a number of people visited town from various portions of the county to have their claims endorsed by Judge Williams.

We are informed that the left arm of Mr. John Wheeler, formerly of this place, but now of Anniston, Ala., will have to be amputated on account of blood poison.

The election at Auraria Tuesday was unusually quiet from what we learn. The polls were closed long enough for the managers and every body that desired to attend the funeral of Mr. Riley Davis.

A beautiful specimen of gold ore was picked up on Goldsboro Street one day last week by a little negro boy. It was the size of a man's thumb and contained probably eight or ten grains of gold.

A little child of John Green col. was seriously but not fatally burned last Monday afternoon in Dalhousie. Persons passing by heard its screams and went to the rescue which doubtless saved it from being burned to death.

Miss Brilla Davis, Mrs. Hannah Corn and Mr. Hans Davis all left for the Indian Nation last Tuesday, and Mr. Earl Davis left yesterday. They go for the purpose of getting a large amount of money that is due them.

Marshal Harrison visited Cleveland last Sunday evening and searched a negro's house in the suburbs of that place for liquor. Nothing was found except two large empty jugs highly flavored with "temperance drops."

Mr. Fowler and Mr. James Waters, two prosperous farmers of Ninemile district, attended Sheriff's sales Tuesday. Mr. Fowler is a man who never makes many visits unless it is on business. He has been a resident of this county for more than twenty-five years and this is the first time he was ever in Dalhousie except on court weeks when summoned to sit on the jury. Mr. Waters has just crumbed about 300 bushels of corn.

ENDORSED AS THE BEST REMEDY. August A. Klages, 810 S. Charles street, Baltimore, Md., writes: "From my youth I suffered from a poisonous taint in my blood. My face and body were continuously affected with eruptions and sores. I am now forty-two years of age, and have been treated in Germany and America, but no remedy overcame the trouble until I used E. C. Catlin's Blood Balm. My skin is now clear, smooth and healthy, and I consider the poison permanently driven from my blood. I endorse it as the best remedy." \$1 per large bottle. For sale by druggists. Oct. 26, 1894.

DR. PRICE'S Cream Baking Powder.

The only Pure Cream of Tartar Powder.—No Ammonia; No Alum. Used in Millions of Homes—40 Years the Standard.

The senior editor and family visited the city of Gainesville this week.

The 26th inst., is the day set apart by the President as Thanksgiving day.

Our "devil" spent two days in the mountains last week in search of chestnuts and got five.

Marshal Anderson has been putting in good time for several days just improving the streets.

Quite a number of people from this county visited Gainesville last Tuesday to see the elephant.

Dr. Waddell, who has been on a visit to Atlanta in the interest of the college, returned last Saturday afternoon.

Corn shuckings are the order of the day now and the farmers all seem to be well pleased with the result of their labor.

A little son of Mr. Jos. B. Clements had his left arm broken one day last week by falling off of his father's mare.

Some of the gold mines in this county have been abandoned a short time for the lack of water to operate them successfully.

A man by the name of Sosby was bound over by Com. Baker last week. He was caught in an illicit distillery in Habersham county by Marshal Helton.

Mr. Jess Aldman, of Conyers, visited Dalhousie last week. Mr. Aldman is a former student of the N. G. A. College and has many warm friends in Dalhousie.

Cecile Anderson, the old colored woman, whose death we mentioned last week, was the mother of 13 children—8 living. She had 36 grand children and 6 great grand children.

Mr. Belle Burrell is now on a visit to her parents, Mrs. and Mr. W. A. Cook near Dalhousie. She was accompanied by her husband who took his departure for home after spending one night.

Elsewhere we find an interesting communication from Mr. W. H. Duncan, who now resides in Florida. He gives a full history of his trip from Dalhousie to his present abode. Read it.

We hear the name of Mr. A. G. Wimpy mentioned in Dalhousie's next year's mayor. Uncle Archie has certainly been a trouble of the town long enough to hold the office and would make a good officer.

Col. W. A. Charters made a political speech at Auraria Saturday evening in the interest of democracy, more especially Mr. Tate. But the die is cast now and all orators will have a chance to take a short rest.

Senator Boyd is on seven different committees in the legislature as follows: Agriculture, Internal Improvement, Temperance, General Judiciary, Public Schools, Mines and Mining, Immigration and Labor and Engraving.

Mr. M. H. Stanton, who is located in Atlanta, came up to Dalhousie and cast his vote for Mr. Tate Tuesday. Mr. Tate needs the means of this gentleman getting a job in the revenue department and he feels that it is his duty to lend Mr. Tate a helping hand whenever in his power.

Dr. Price's Cream Baking Powder. World's Fair Highest Medal and Diploma.

Tuesday was a dull day for the merchants.

A fruit tree man is now in Dalhousie delivering his trees.

The polls were closed at Crumby's district a little after 12 o'clock Tuesday.

Tuesday was the coldest day we have had this winter and much ice could be seen.

Now that the election is over let us behave ourselves in the future and have peace.

Mr. and Mrs. B. R. Meaders and Mrs. Fannie Baker, left this week for Swainsboro, Ga., to visit relatives.

Notwithstanding the political excitement this week the names of half a dozen new subscribers have been added on our subscription book.

Dan and Joe Davis, who recently went West write back that they have purchased good farms out there and expect to make that country their future homes.

To-day's issue appears the announcement of Mr. Tom Clements for tax receiver. Mr. Clements is a sober, law-abiding christian gentleman and will give satisfaction if elected.

The students of the college passed resolutions on the 2nd inst., extending their thanks to the Rev. C. M. Leibetter for his interest taken in their behalf, and requested that he be returned to Dalhousie as pastor of the M. E. church for 1895.

We were informed this week that Lish Burt and John Clayton, who went West from Dawson county a year or so ago in company with Lish Smith, got killed recently while attempting to rob a train, and that Smith was wounded. This is only a rumor and we hope it is untrue.

Not a cent of money was spent by Mr. Twitty in Lumpkin county for liquor and no one need accuse him of being guilty of such an act. If Mr. Tate had have acted likewise there would not have been any trouble in Dalhousie this week and everything would have passed off peacefully and quietly and no friends ties would have been broken and law suits arisen.

It is said that one of Mr. Tate's friends went to a certain republican residing in Yakola district, who was for Mr. Twitty, a few days before the election and gave him a couple of quart bottles of liquor—one brandy and the other whiskey—telling him that Mr. Tate sent them to him together with his kindest regards. The trick worked and on the day of the election he voted for Mr. Tate.

A difficulty occurred a few miles from Dalhousie between Arveta Sullins and Tom Ray Sunday in which the former's injuries were such as to cause him to swear out a warrant for Ray, charging him with an assault with intent to murder. It seems that Sullins and Malary Jackson were fighting in which Sullins was getting the best of the battle. Ray was a friend to Jackson and joined in with the above results. Ray has not been captured up to this writing.

CATARHIS CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is a great medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best ingredients known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients in what produces such wonderful results in curing Catarrh. Sold by Druggists, price 75c. October 3.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

Tuesday's Row.

Mean liquor and the excitement in politics came near causing a general riot and much blood shed at Dalhousie last Tuesday. Jess Satterfield and J. B. Walker, the former and democrat and the latter a populist, got up a dispute which caused both to get hurt. Jess struck at Walker with a heavy stick which caused him to have to retreat where he could secure some rocks. Jess pursued him until he was caught by the officers when Walker returned and threw two of them at his antagonist, both hitting him. One on the side of his head and the other on the front of his neck, inflicting painful if not serious wounds. No sooner had this occurred when W. C. Thomas struck Walker on the head with a rock, cutting an ugly gash. At this juncture friends of both parties rushed up with rocks and open knives, but fortunately the fuss was quelled without further trouble by the mayor causing the marshal to summon a sufficient force of men to bring it to an end. State warrants were sworn out for both Satterfield and Thomas who will probably have a hearing as soon as Satterfield gets able to attend the trial if it is not otherwise settled.

A Serious Difficulty.

Early Monday morning it was rumored in Dalhousie that two men had been killed the night before in Yahola district by Andy Lee.

Upon enquiry it was ascertained that Andy, while intoxicated at the residence of Geo. W. Hunt, having Sunday evening dealt the gentleman a heavy blow on the forehead while he was attempting to dispel him from his house on account of his bad conduct. Lee then picked up a gun and shot at his father-in-law, Samuel Porter, but fortunately without effect. He then broke the gun over the head of a blind man named John Hester, inflicting some ugly wounds.

Lee was afterwards arrested by a constable who, instead of bringing him to jail, earned him home and put him to bed. Some time during the night Sheriff Brookshire was sent for, who, in company with Will Crisson, went and brought the prisoner to town and landed him in jail.

Dr. Jones was soon at the scene of the battle ground and gave the wounded man the proper attention, who is getting along as well as could be expected.

We are informed that Belle Satterfield got her arm or hand cut while at a frolic Wednesday night. Know not the particulars.

The Legislature.

Some very important bills have been introduced in the legislature within the past few days and the members seem to be getting down to work.

Mr. Fulwood, of Polk, wants \$800,000 appropriated to the quarterly payment of teachers.

A bill has been presented conferring on the governor and senate the power to appoint judges and solicitors of the superior court.

Senator Craig wants to institute a different mode in revising the jury boxes. The present law empowers the judge of the superior court to appoint commissioners, to change this by appointing the notaries public and justice of the peace to revise the jury lists in their respective militia districts.

Mr. Hutcherson, of Cherokee, has offered a bill to transfer the county of Dawson from the Blue Ridge to the Northeastern judicial circuit.

Mr. Henderson, the populist member from Forsyth county, introduced a bill to abolish fees of the solicitors-general and fixed salaries paid to them.

Senator McGarity, of the 38th district the Constitution amended so as to elect judges of the supreme court, and judges of the superior court and solicitor generals by the people.

The Great Removal Sale.

Having determined to close out our entire stock of goods in Gainesville by Nov. 30, We will put on sale our dress goods, boots, shoes, etc., at actual no intentions of closing out

COST. NOW:

The prices have been put on our goods and time will prove what we say is true. When we say cost, we mean cost. No one will doubt but what we have the most complete stock of dry goods that was ever brought to Gainesville. The ladies have already found out that our prices are as we represent them and have shown their appreciation by buying while they can secure first choice.

COUNTRY MERCHANTS,

Or merchants who are not accustomed to going to the Eastern Markets will find it to their advantage in calling and seeing our goods before placing their orders elsewhere. So remember the place to come when you wish to spend your cash. Respectfully,

Pause and Think.

Our trials we could soon
If we'd only pause and think.
Tears would not flow so often
If we'd only pause and think.
Our skies would all be brighter
Our burdens would be lighter
Our deeds would all be whiter
If we'd only pause and think.

We would not proceed so blindly
If we'd only pause and think.
We would never speak so hastily
If we'd only pause and think.
We would cease to fret and borrow
Dearly clothing each to borrow
We could banish words of sorrow
If we'd only pause and think.

The Demand of Life.

Life is a continuous and impera-
tive call to duty. Opportunity
hovers over the cradle; the glory of
performance or the shades of omi-
sion silently attend the bier. Not
an hour or a minute, but has its ap-
pointed task. Every manly soul
man has certain responsibilities to
discharge, failing in which he is
disobedient to the laws and neglect-
ful of the requirements of his Ma-
ker, and must be held to account.

Duty implies something to be done.
The idler is an impious ex-
ercise, a braver of Divine law.
The plant, the insect and the animal
each has its appointed function,
the proper performance of which is
necessary to the harmony of the
universe. Every man has some
faculty or special activity which it
is his duty to use to the glory of
God and for the good of his fellows.

Life, considered as a duty, pre-
sents a three-fold aspect—the duty
of the individual to his God, to his
fellows and to himself. Of these
three let us briefly consider the last.
A man is a center of activities and
possibilities of indefinite range.
His chief duty to himself is to
develop and conserve those possi-
bilities and activities that he may
use them to the best advantage in
the promotion of the glory of God
and of the welfare of his fellow
men. Let him be heedless of this
and he is, of necessity, neglectful
of the other, and when the time
comes for him to travel hence his
work is undone.

Each omission of duty will return
upon the head of the delinquent,
and while every man owes a duty
to himself let that not be confound-
ed with selfishness; for "What shall
I profit a man if he gain the whole
world and lose his own soul?"
Young Men's Era.

True Sayings.

Sham pleasures cost the most.
A lie is a blank cartridge fired at
God.
The devil gets an army when he
gets a child.
No one can neglect the poor and be
true to Christ.
The devil is always polite upon
first acquaintance.
No bar ever breaks under the
burden God gives it.
Love for God is the only true
and right love for self.
God's place for a Christian is
where he is needed most.
We are sure to lose what we try
to keep God from having.
When we get in the wrong place
our right place is empty.
There is no more dangerous de-
ception than self-deception.
Those who lead children ought
to keep very close to Christ.
Usefulness lies in the heart is the
surest proof that God is there.

Dust on the Bible generally

means that its owner is asleep.
Whenever the Bible is read
prayerfully it is read carefully.
The only sins God can blot out
are the one's we bring to him.
Nothing frightens the devil more
than hearing a good man pray.
There is no pleasure in sin that
is not bought at a terrible price.
There are no real strong people
in this world except God's people.
Whenever you find peace you
will find it to be the result of trust.
A poor man's all weighs as much
with God as a rich man's millions.
The devil has his hand over the
eyes of the man who does not give.

The devil is most sure of a man
on the side where he feels the sal-
est.
How quick some people back-
slide when their income is doubled.
The golden calf men worship
never becomes a cow that gives
milk.

There are too many people who
only engage in religion for pastime.
Only the religion that is full of
sunshine can win the heart of a
child.
Only God can tell how far the
devil is driven back when a child is
saved.

A whole life is the only answer
God wants anybody to make to in-
fidelity.
Nothing can make us rich and
keep us so but unquestioning trust
in God.

If you get into the place God
wants you to have you will have a
good one.
The devil has to work hard to
get a finger on the man who loves
his Bible.

Many a man talks too much in
church who tries to make a boy do
a man's work.
A good man on his knees weighs
more than the biggest giant in the
devil's army.

No man who claims to be doing
business for God has any right to
use a finger on the devil's work.
The devil is not so much concern-
ed about our profession as he is
about our practice.

It is hard for God to take a man
into his army who is already bug-
ging a bag of money.
On the day when we have not
done a little good we have done a
great deal of mischief.

Wise men would have been wrong
in Christ can not be right in any
members of his church.
A poor man's all weighs as much
on the scales they use in Heaven
as a rich man's millions.

There are some preachers who
only appear at work at their trade
only one day in the week.
There is a bad flow in our religion
if we never praise the Lord ex-
cept when we feel like it.

There is not much Christ in the
religion that does not make its
possessor more benevolent.
You will find the most miserable
man in the world when you come to
the most selfish one.

The man who loves his neighbor
as himself, is doing all he can to
help God to own the earth.
The man who wouldn't be honest
if he didn't have to doesn't
know the meaning of religion.

People who try to serve the Lord
only for gain would prefer to work
for the devil at the same salary.

The only knowledge that will
keep us from sin in the midst of sin
is the knowledge of God's love.

DAHLOUSIE, NOV. 16, 1894.

Nebraska elected a populist Governor.

Mexico is to be represented at the Atlanta exposition.

White county gave Twitty a majority of 44 votes.

Attorney Olney speaks of resigning and leaving the capitol.

Coxey, of Ohio received 8,918 votes for congress in his district.

Brother Fred T. Adams of New York, won \$70,000 on the election of Montana.

The republicans of Fannin county nominated their county officers last week.

At Lexington, Ky., there is an old man of 84 years trying to wed a girl of 15.

There was no business done by the legislature Friday and Saturday except by the committees.

Both the people and the press of Georgia are crying out for a different election system in the state.

Three women were elected to the legislature in the state of Colorado at the recent election—all republicans.

There will be three contests. Watson in the 10th, Thornton in the 4th and Felton in the 7th.

Richmond county has a population of 45,000 and at the last election she voted 17,919—most of them for Black.

Mr. A. W. Woody, formerly of Lumpkin county, Ga., has been elected clerk of the township in which he lives in Kansas.

Myers, who killed Forest Crawley is now on trial in Atlanta. Eleven white men and one negro have his life in their hands.

A six foot coffin was sent by express from Columbus Ga., this week, to David H. Hill the defeated candidate for Governor in New York.

The city of San Francisco, California, elected a populist mayor and full board of aldermen a few days ago and still they say the populist party is dead.

Nine hundred houses and lots are advertised in the capitol city of Atlanta at one time for taxes and yet we are told that we are living prosperously.

It is claimed that a ton of gold is annually buried in the cemeteries of the United States and it is suggested that the plugging of teeth with gold should be prohibited by law in the interest of the circulating medium.

A man and woman, accompanied by two children, passed through Acworth a few days since going northward. The man was rolling a baby carriage and the woman was leading another little tot by the hand. They were all stout.

The legislative committee, which visited Milledgeville last week, recommended an increase of \$10,000 for 1895 and \$40,000 for '96 to be used in enlarging the asylum.

There are 300 insane persons that cannot be accommodated at the asylum.

The funeral of J. N. Goss, who was killed in Augusta, Georgia, election day took place last Thursday in the presence of 1,000 people composed of populists and friends of the deceased. Twelve men marched in front of the procession with United States flags. The populists are greatly enraged.

It is hoped the present legislature will adopt the Australian system of voting or something different to the one we now have so as to stop so much pulling and whiskey rooming on election days.

We guess some of the present members will oppose it for fear they or some of their friends will be left at home next time.

Mr. Watson has proposed to Mr. Black for them to purge the ballot boxes in the 10th, and after all illegal votes are thrown out. For the one time having the largest number of legal ballots to take the seat in congress without further contest. Mr. Black proposes to give an answer as soon as he sees some of his friends.

Lee Lawrence, col., who raped a white woman near Monticello three weeks ago, was tried, found guilty and sentenced to be hanged Nov. 30. A short while after the sentence was passed a mob of 500 people overpowered the sheriff and his guard and carried him just beyond the city limits, swung him to a limb and the following was pinned on his coat: "To all negroes: This is your fate if you perpetrate such a crime. We will always protect our women."

The Official Returns.

The Governor and Secretary have counted the recent vote in Georgia, which shows that there were 188,914 ballots cast—117,011 for the democratic nominee and 71,903 for the populist; to-wit:

First district, Lester, democrat, 14,328; J. F. Brown, populist, 5,415.

Second district, Russell, democrat, 8,709; W. E. Smith, populist, 6,080.

Third district, Crisp, democrat, 8,503; G. W. White, populist, 2,569.

Fourth district, Meese, democrat, 10,291; Thornton, populist, 7,634.

Fifth district, Livingston, democrat, 7,933; Todd, populist, 5,042.

Sixth district, Bartlett, democrat, 11,408; Wilkey, populist, 6,045.

Seventh district, Mullins, democrat, 10,145; Felton, populist, 5,583.

Eighth district, Lawson, democrat, 10,596; Carter, populist, 7,433.

Ninth district, Tate, democrat, 14,561; Twitty, populist, 10,546.

Tenth district, Black, democrat, 20,903; Watson, populist, 13,207.

Eleventh district, Turner, democrat, 8,163; Johnson, populist, 5,139.

The Commercial, a democratic paper published in Atlanta has this to say about the recent election frauds:

The Commercial is a partisan democratic paper. It has no use for abolitionism in any form. It is an uncompromising enemy to the party and the people that attempted to degrade southern womanhood and place southern institutions under negro domination. It is an unflinching democratic paper, positive in its principles, and bitter in its needs, in the advocacy of them.

But the Commercial will never give its endorsement to an open fraud against its own people in order that a single candidate may reap a temporary advantage.

The election in Richmond county, where nearly 16,000 votes were polled in a total population of 40,000, was one of the most flagrant wrongs against the right of freemen that was ever committed in Georgia. It was a dastardly steal which there was neither palliation or justification. Every sense of justice and honesty cries out against the outrage, and if Congressmen Black, who has gained some reputation on account of his advocacy of Aryan methods, does not repudiate it, and call for purging of the ballot in defense of corrupt election, he will become a willing party to a system of political corruption that will eventually corrode the very foundation of civil government.

If the purging of the ballot cannot be had, then in the interest of common honesty, Mr. Black should spurn to accept the commission tendered in such a way.

Every honest man in Georgia knows that Richmond county cannot poll the vote that was counted by her managers yesterday. Every man in without party to the system of political corruption that will eventually corrode the very foundation of civil government.

Great Democratic Loss.

The latest accounts show that the democrats have lost much heavier than was first expected.

In North Carolina the republicans have a clear working majority in both houses.

In the great state of Texas which gave the democrats a majority of 180,000 two years ago, they only succeeded in electing their Governor by a few thousand votes.

One republican goes to congress from the Lone Star State.

The populists have not been asleep either. They have also doubled their force in Congress this time.

The democratic press dislike to give it up and yet endeavor to hold the news back from the people.

The Atlanta Constitution and Journal of the same dates give different reports, as well as the Press, the populist paper, also published in that city. Their figures of last Saturday shows as follows:

CONSTITUTION'S REPORT.
Republicans in the house.....245
Populists.....20

JOURNAL'S REPORT.
Republicans.....241
Democrats.....208
Populists.....7

Total.....356
Total.....356

This makes quite a change in the present congress. The faces of a large number of the old members will disappear in a short while to return no more, while new ones will occupy their places. The present house now stands:

Democrats.....218
Republicans.....218
Populists.....10

Total.....436

The Democratic Funeral.

The Atlanta Press gives the following reasons which it says caused the democratic funeral:

1st. Trying to be more republican than the republicans.

2nd. Telling lies upon all subjects.

3rd. Carrying out secret campaign pledges made to Wall street, and violating open pledges made to the people.

4th. Telling tall stories of lies to everybody about everything.

5th. Putting a republicanism in the cabinet, and trucking to such millionaire nabobs as Carnegie, Havemeyer, Bendish Van Allen, Whitney Rockefeller, Villard and Huntington.

6th. Disgracing the decency of the country with unmanly and unbecoming lies which did not make sufficient allowance for the sanity of the people.

7th. Forcing a money famine by shutting off the supply of money—and then telling lies about it.

8th. Passing a Tariff Bill which the Monopolists bought at so many per yard—and then telling lies about it.

9th. Cutting off the pensions of a few old privates of the Union army; refusing to cut off the outrageous double salaries and pensions drawn by high officials in the democratic party.

10th. Trying to ride two horses at once; trying to be all things to all men; trying to make oil and water mix; trying to mingle the melody of "Molly put the kettle on," with that of the "Long meta Dology;" trying to lunge the world by electing candidates pledged in opposite directions; trying to harmonize the promise of "I will," with the performance of "I won't."

11th. Telling lies—big, little, old, young, red, white, blue—all known varieties of lies, and telling them so badly that no two democratic preachers or editors could tell the same story upon any imaginable topic.

CURE FOR HEADACHE.

As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and its effects are so rapid that it has yielded to its influence. We urge all who are afflicted to procure a bottle and give this remedy a fair trial. In case of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and thus cures long resisted the use of this medicine. Try it once. Large bottles only fifty cents at E. C. Cartledge, Druggist.

Only One Word.

Only one word, dear, to say to you.
Before the throng thrush us sweet;
Only one moment to pray to you,
Goddess enthroned in my heart.
Only one life, dear, to live for you;
Will you spare it? It lies at your feet.
Only one heart's love to give for you—
Will you reign in that heart, my sweet?
Only one song, dear, to sing with you,
Singer and song of your bliss.
Only one treasure to bring with you—
Your heart—what matter the rest?
Only one word to inspire of you:
Word that is—couldn't, you guess?
Only one whisper—no more—of you:
Say—shall that whisper be—"yes!"

Georgia a Century Ago.

In 1800 the population of Georgia was 122,686, of which 59,699 were slaves.

In 1787 Savannah had 227 dwell-
ings and 830 inhabitants, and in
1794 the population had increased
to 2,500.

A century ago Louisville was the
capital of Georgia. Augusta at that
time had a population of 1,198
whites, 1,017 blacks and 250 dwell-
ings.

The tea plant was introduced into
Georgia from India by Samuel
Bowen in 1770, and was soon grown
without cultivation in the yards of
Savannah.

The boundaries of Georgia in
1800 were Atlantic ocean on the
east, Florida on the south, Missis-
sippi territory on the west and South
Carolina on the north.

A hundred years ago the consti-
tution of Georgia required each county
to establish an academy, and the
counties respectively set apart pub-
lic property valued at \$1,000 for
that purpose.

At the beginning of the present
century Georgia's leading crops
were rice, indigo, tobacco and cotton.
In 1796 the state produced
1,700,000 pounds of cotton. Tobacco
was so remunerative and easy to
be produced that it was then ex-
pected to become the leading staple.

A Hundred years ago Georgia's
senators and representatives were
elected once a year. A senator had
to possess 250 acres of land and
other property worth \$250. A
representative had to own 200 acres
of land and other property valued
at \$150. The governor had to
own 500 acres of land and other
property to the amount of \$1,000.

A Miner's Scheme.

An Australian mining journal is
responsible for the following story:
A miner in that country, who was
obtaining fine gold by sluicing, was
about to leave the country. He re-
plied that he employed the common
amalgamation process, but used a novel
and ingenious retort for the pur-
pose. After amalgamating with
quicksilver, "I get a potato," said
the miner, "cut off one end and
scoop out a cavity in it large
enough to take my ball of amalgam.
I next take a a spoon or piece of
flat iron and place that over the
fire, and then upon that I place the
potato with the cut side down. As
the amalgam gets hot the silver
evaporates and goes all through
the potato, but it can't through the
skin. When it is cool I have my
gold button on the spade and my
"silver" in the globules in the
potato. I break that potato up
under water, and I have all my
"silver."

Clergy and Congregation.

One thing I have against the
clergy, both of the country and in
the town. I think they are not
even enough on their congregations.
They do not sufficiently lay upon
the souls and consciences of their
hearers their moral obligation and
probe their hearts and bring up
their whole lives and action to the
bar of conscience. The mass of
sermons which I think are most
needed are of the class which of-
fended Lord Melbourne long ago.
Lord Melbourne was seen one day
coming home from church. In the
country is a mighty funny. Find-
ing a friend, he exclaimed, "It is
too bad! I have always been a
supporter of the church, and I have
always upheld the clergy. But it
is really too bad to have to listen to
a sermon like that we have had
this morning. Why, the preacher
actually insisted upon applying
religion to a man's private life."
But that is the kind of preaching I
like best, the kind of preaching
which men need most. But it is
also the kind of which they get the
least.—W. E. Gladstone.

Lincoln and the Bull.

Crossing a field one day, Presi-
dent Lincoln, it is said, was pursued
by an angry bull. He made for the
fence, but soon discovered that the
bull was overtaking him. He then
began to run around a haystack in
the field, and the bull pursued him,
but in making the short circles
around the stack Lincoln was the
faster, and instead of the bull
catching him he caught the bull
and grabbed him by the tail. It was
a firm grip and a controlling one.
He began to kick the bull, and
the bull bellowed with agony and
dashed across the field. Lincoln
hanging to his tail and kicking him
at every jump, and as they flew
along Lincoln yelled at the bull,
"Darn you, who began this fight!"

In one of Meade's fashionable
boarding houses the landlady, who
is of a very religious turn of mind,
attempts to drill every new boarder
who comes in into the habit of ask-
ing a blessing, whether he wants to
or not. A young man from one of
our wholesale houses recently be-
gan boarding with her and being
taken somewhat by surprise
promptly tackled the difficulty in
the following words: "We ac-
knowledge the receipt of your favor
of this date. Allow us to express
our gratitude for this expression of
good will. Trusting that our house
may merit your confidence and
that we shall have many good or-
ders from you this fall, we are,
yours, smen." Somebody else will
say grace hereafter.—Macon News.

At Both Ends.

Coming up town on the broadway
cable, a big Irishman arose from
his seat and gave the bell strap a
sharp pull. The conductor angrily
exclaimed:

"Here, don't do that. You are
ringing the bell at both ends of the
car."

"That's all right, sor," was the re-
ply, "an I want both inds of the car
to stop."—St. Louis Post-Dis-
patch.

Dalhousie Signal.

DAHLOUSIE, NOV. 23, 1894.

Entered at the Dalhousie, N. S. P. O., as second class matter.

Myers was found guilty last week of the murder of Forrest Crawley in Atlanta some time ago.

The tallest negro in Middle Georgia lives in Newton county and is named Henry Avery. He stands 6 feet 6 inches barefooted.

The members of congress recently elected will not take their seats until December 1895. Maybe some of them will reform by that time.

The Atlanta Journal has fixed the day of the democratic nomination of the party officers on the 8th of December, which will be news to our readers.

The democratic administration of Alabama has spent \$364,000 more than it has took in.

The Governor states in his message that during the next two years it will amount to \$668,000.

Another arrest was made at Duluth on last week of a negro said to be implicated in the fire at that place. It is thought that his statement will throw considerable light on Coffey's various crimes.

A syrup barrel left at the Alliance Store at Americus last week proved to be quite a relic. John Walters says it has been used by three generations of the Williams family, and is supposed to be more than 100 years old.

The bill introduced by a populist to elect jury revisers was killed last week by the democrats, together with several others. Nearly all measures, let them be good or bad, are meeting their deaths unless fathered by a democrat.

An exchange thinks the only chance for the democrats to get a president next year is to nominate Mr. Black, of Richmond county, because what votes he likes to take in his election in other states can be secured in Georgia.

The democratic caucus which was to have been held in Atlanta last week to settle the manner of selecting judges and solicitors was a fiasco. Its leaders begin to see that it is injurious to the party and does not satisfy their constituents.

A bill is now before the legislature to make it the duty of the judges of the Supreme court to select the Superior court judges and solicitors. The number of applicants for judge not to exceed three from each circuit. The solicitors the same.

A year or two ago the tax collector of Newton county proposed to pay the poll tax of the tallest man in the county. Several men were measured, but John Patterson, a young man who lives in the southern portion of the county, picked up the dollar, as he measured 6 feet 7 inches in his stocking feet.

"Well, well, the Buford Cow Boy, Farmers Outlook and Dalhousie Signal, each ought to have a leather medal for their invaluable aid in keeping Newton County out of the White House of the Honorable Cleveland Progress.

The brother will have to hurry up and have it made and presented to us, for in a short time there will not be enough democrats left to make a shoe aching much less a medal.

The Roper case has come to an end and sentences have been pronounced by Judge Newman in Atlanta. The youngest Morrison was sentenced to eight years, the others, Payne Duncan, and Jesse Morrison who pleaded guilty, and Lance Morrison and Wash Redd, who were found guilty were sentenced to 10 years and \$1,000 fine.

These are the parties who shot Will Roper in Murray county year ago and threw him into a shaft for repeating error for their illicit distilling.

"The election—well let that pass. The democrats nor populist don't seem to be in it to any considerable extent. But just wait; the democrats are laying for a big victory two years hence. "Truth craves to earth will rise again."—Cherokee Advocate. The populist in Atlanta is enough to elect a Governor in Nebraska and double its representation in Congress. Then that's not all. When the Black and Watson contest ended Watson will take one of the reserved seats in Congress from Georgia while Black will return home and "roost" around the family fire. We think this does very well for a young party as that of the people."

Strategic persons

that are needed with increasing position from one of our citizens will be required by taking the Georgia Iron Pills, containing iron, steel and refined iron scales on a sugar coating.

The Estimated Vote.

An estimate made by that careful authority, The New York Outlook, gives the following figures:

Democratic vote in 1892, 5,554,000

Republican vote, in 1890, 5,175,000

People's Party vote, 1892, 1,942,000

Prohibition vote, in 1892, 263,000

At the November election of 1894, the result was as follows:

Democratic vote . . . 4,000,000

Republican vote . . . 5,100,000

People's Party vote . . . 2,500,000

Prohibition vote . . . 250,000

The democrats have thus lost more than a million votes, and the prohibitionists 13,000, while the republicans, strange to say, have not materially added to the vote of 1892. The Peoples Party is the only one of the four which has increased its strength.

Mr. Black Heard From.

Soon after the election Mr. Watson directed a letter to Mr. Black, in which he proposed for the ballot box to be purged and all the illegal votes thrown out. Then the one having the majority of the legal votes to take the seat in Congress from the tenth. After so long a time Mr. Black replied in a very lengthy document in the latter part of which he proposes to resign and let them run the race over.

If this was done it would lift the fraud and corruption in the recent election in the tenth district and the perpetrators would go unpunished. Let the contest go on and show up to the world the means which the democrats in that district resort to in order to carry an election. Later—Mr. Watson accepts Mr. Black's proposition.

Pure Elections.

The election last week resulted in a cyclone, which we hope will help to purify the atmosphere.

Now we are now talking about pure elections, and our state legislature is considering the matter. It is time, high time, that it is not too late. It was time long ago, and the shame and general disruption now upon us might have been averted if we had been governed by justice and equity, instead of party tricks and personal ambition. Some things in the elections last week were enough to make our state hang her head and groan. And what of the caucus rule in our democratic legislature? Is not that a stigma on the name of a state claiming that the will of the people is supreme? A strong party caucuses and combines, and thus rules the legislature and the people of 95,000 voters, and renders powerless a large minority of its own party.

Where is the justice and honesty of such action? Many of the elections in that body might have been different and more in harmony with the will of the people, but for that trick. Such things may accord with the modern political methods, but they do not harmonize with fair and honest representation. Political caucusing of that sort is no better than rings and combinations in money circles, and it is far more disruptive of all moral foundations. Yes, if we have only more elections—just that—is well, where we are not just that! But if we have any more, let them be pure and straight, and the people and in legislative halls. We want this, too, not as a money measure, but as a foundation for our country's honor.—Waynes Christian Advocate.

Purify your blood, tone up the system, and regulate the digestion, or gain by taking Hood's Sarsaparilla. Sold by druggists.

When the editors of democratic papers get to talking about the populist in one or two states in the Union let them cast their eyes upon the state of Texas, which two years gave their party 180,000 majority and but a few weeks ago was cut down by the populists to 40,000. Then it is well enough to remember New York and many other states before kicking too high.

THE NEW YEAR

Will find Hood's Sarsaparilla leading everything in the way of medicines in three important particulars.

1. The largest sale in the world.

2. The greatest cures in the world.

3. The largest Laboratory in the world.

For The Best.

Keep on hoping for the best! When the sun goes down the west, You just wipe your weary eyes— Party soon you'll see this rise! Twinkling through the dark air— Where's the sunshine made for you?

Keep on hoping for the best! When the dark comes, take your rest! When the moon's beams, just take All the sunshine they was made! There's a lively line of blue In the morning sky for you!

Keep on hoping for the best! Fin the roses on your breast! In the world's the wisest blow, Chirp! sweet the sparrows go! By the good Lord all are blest— Keep on hoping for the best!

Good Advice.

The practical lesson which statistics teach is that young women should not look forward to matrimony as the exclusive road to happiness, but that they should boldly look the situation in the face, and should prepare to engage in the battle of life on the same footing as their brothers, with the purpose of remaining single unless the ideal of their aspirations should happen to make them an offer.

Girls should be educated to regard marriage as boys do—a good thing if it comes in the right way, with the right man bearing orange blossoms in his hands; but not the one end and aim of existence, a failure to obtain which involves misery and desolation. With the development of civilization the range of pursuits in which girls can complete with men is constantly widening. It is probably as easy at the present time in the city for a girl to get remunerative employment as for a boy. And while the scale of pay of shop girls is too low—which will probably continue to be the case so long as they persist in calling themselves "sales-ladies"—women in some other calling are pretty fairly paid. A trained nurse commands \$90 a month and her board, and the doctors say that there are not half enough of them. If every girl could be sure of earning even \$50 a month she could snap her fingers at the decline in the marriage date.

Humorous Items.

The professor was lecturing on some of the habits and customs of the ancient Greeks to his class. "The ancient Greeks built no roofs over their theaters," said the professor.

"What did the ancient Greeks do when it rained?" asked Johnny Fuzztop.

The professor took off his spectacles, polished them with his handkerchief, and replied calmly: "They got wet, I suppose."

"I understand," said the detective, "that you had a claw to the whereabouts of Crookless, the famous criminal."

"Yes," replied the brother officer. "A what was it?"

"A what was it?" "A man came to me and said he was Crookless and wanted to give himself up because he was tired of eluding justice."

"What did you do?" "Nothing. He couldn't prove his identity," Washington Star.

One of our religious contemporaries asks the question: "How long will pastry keep?" The question does not seem especially Biblical, but we should say it depended something on the number of boys in the house, and whether the pantry door was always kept locked.

It is also pretty funny asked one young girl another: "No, not at all pretty," was the reply, "but she is charming—graceful, refined, respectable, with one of the sweetest voices I ever heard. She doesn't need what is usually styled beauty." Charm is better than beauty—and is more lasting.

While playing around a hot tub of syrup on Tuesday afternoon, the 15th inst., Della Smith, the 4-year-old daughter of Mr. and Mrs. J. H. Smith, near Milledge, some means slipped and fell into the tub. The child lived in great agony until Friday afternoon about sunset.

The Registration Bill.

A bill to provide for the registration of voters in this state has been submitted to the general assembly by Mr. Redding of Pike.

The bill requires the tax collector of each county in the state to keep a voters' book open for signatures during the usual hours of business daily from January first, the tax collector shall for a period of thirty days, beginning forty days prior to the first Wednesday in October of 1895 and each succeeding year thereafter, keep said voters' books open for signatures at his office at the county site from 9 o'clock a. m. to 6 o'clock p. m. each day, Sundays excepted. And he shall observe the same hours for a similar period of thirty days, beginning forty days prior to the Tuesday next after the first Monday in November of 1895, and each succeeding year thereafter.

Continuing the bill says: "That the tax collector, the ordinary and the clerk of the superior court shall, on or before July first of each year, beginning with 1895, prepare and file with the county registers a complete list, alphabetically arranged, of all persons living in the county on January first of that year, who are disqualified from voting in that year by reason of non-payment of taxes."

By this act the grand jury of each county shall appoint a board of three county registers, for terms of two years each. They are to receive two dollars per day for the time actually spent at work.

In addition to regular lists now furnished managers of elections of the registered voters the bill requires that lists of the non-registered voters be also furnished. A voter whose name appears on the non-registered list will be allowed to cast his ballot upon making oath that he has paid all taxes.

Any person falsely taking the voters oath shall be imprisoned in the penitentiary for not less than one year or more than three. The closing paragraph says:

Any tax collector, clerk or other person who shall falsify said voters books or list as taken therefrom, and any county registrar who shall falsify the list of registered or non-registered voters shall be guilty of a felony and punished by confinement in the penitentiary not less than one, nor more than five years, and shall be forevermore afterward prohibited from holding any office in said county or state.

Entered at the Dalhousie, N. S. P. O., as second class matter.

There will be an exhibit at the Atlanta Exposition from Italy. Cotton has gone up near three-fourths of a cent since the election. Five hundred cases factories in Wisconsin have shut down until May.

The U. S. pension bill for the next fiscal year, as it will be framed will carry \$141,381,570.

It is not known yet whether a republican or democrat is elected Governor of Tennessee.

The North Georgia Conference at home last week endorsed the Bush and Boyd and room bill. Uncle Sam is issuing new two-cent postage stamps now said to give better satisfaction to the old ones.

Dr. W. H. Felton has served notice on Judge Maddox that he will contest the election in the Seventh district.

The Augusta Chronicle has at last owned up that there was fraud perpetrated at the recent election in the 10th.

It is said that the vote of the women in Colorado was the cause of the populists being defeated in the recent election.

A total of \$154,370.90 were bid on the 23rd at Washington for the proposed 50,000,000 U. S. 3 percent bonds by 297 bidders.

The jury in the trial of Herold McDonald charged with murdering Mike Fontana in Atlanta rendered a verdict last week of justifiable homicide.

The Georgia legislature refused to appropriate \$25,000 for the Military Encampment. This will prevent the soldiers boys of having so much fun next summer.

Assoc. Justice W. A. Johnson of the supreme court of Kansas will take the same more press issued by railroad corporations.

The members of the legislature of Georgia should follow this judges example.

Mr. Boyd introduced a bill last week which provides that juries in civil or criminal cases may, in a body, visit real and personal property, or the places of the commission of a crime, whenever it becomes necessary in order that the jury may arrive at a just and legal verdict.

Mr. Spence, of Carroll has introduced a bill in the legislature to provide for and authorize the payment of pensions to certain widows of Confederate soldiers for the year 1893, who were entitled thereto under the law, and who failed to receive their pensions for that year and for other years.

A republican by the name of J. H. Porter, will be run in the 10th against Watson and Black next January. This republican supported Mr. Black both times and it is believed that he is only making the race this time to take some of the negro vote of Watson in order to assist the democratic candidate.

The Murray county Voters' Club, named after McClellan, John Brady, Lee Grier, Nell Gentry, Bill Gentry and Jim Grier were found guilty in Atlanta last week of whipping old man Thurman. Mrs. Thurman and their daughter, Yada Thurman in Murray county in February last. They were sentenced to three years and \$500.

The bill of Mr. Hart, to benefit old Confederate soldiers came up last week for final action in the legislature. It was a bill to appropriate \$500, or so much as may be necessary, to pay off the pensions entitled to draw a pension, but did not do so on account of applying too late and it passed by 160 to nothing. This shows that the present legislature is a friend to the old Confederate soldiers.

S. W. Carter of New York is still at Blue Ridge with his wife. He is anxious to have a cheese factory started, and proposes to have a plant established at a cost of \$30,000, if the farmers of that vicinity will get together and bind themselves to furnish the milk from 200 cows to start with, and then gradually increase the amount. A price will be paid for the milk, and that will enable each farmer to keep from ten to fifty cows. More than a cent a pound will be paid for the milk furnished at the creamery each morning.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

A Fat Office.

It is a glorious thing to be a Cabinet officer.

Take Mr. Carlisle, for instance; he not only has household servants who are paid out of the public treasury, but the horses his family drive are paid for by the tax-payers and fed at the Treasury stable.

Benjamin Green, the coachman to Mr. Carlisle's household gets \$540 per year, Charles Edmondson, and Charles Morgan, butler and footman, get \$720, and \$660 per year. They serve Mr. Carlisle's family and render no service to the administration, but, all the same, they are paid out of the public funds, and their names appear on the department rolls as "Messengers."

Is there any law for supplying Cabinet officers with officers with servants, horses, etc., at the public expense?

None whatever. They do it simply because they have the power to do it. They feel safe in supplying themselves with all the good things of life, at the expense of the tax-payers, for they know that the democratic party will sanction all they do, and that the republicans will imitate all they do, and that the populists are to weak to stop the plundering and punish the plunderers.—Press

How Can Trade Revive.

It is nonsense to talk about a revival of trade.

Trade never revived on a falling market for production.

A necessary article to revive trade is money.

It takes money and purchasers to revive trade.

Who is there with money to spend and revive trade?

Can the laborer, who is out of employment, be depended upon to revive trade?

Can the farmer, whose products have declined 50 per cent from last year's prices, help revive trade?

Will employed labor, under reduced wages, come to the front and help revive trade?

If the consumers have not the money to spend to revive trade, how is trade to be revived?

Will some one cool at figures please answer the question and relieve an anxious public?

The democrats say trade is to revive. Is it going to revive it?

Is it going to revive despite the absence of purchasers to revive it?

About the only thing that is reviving in democratic banqueting. Hauling is on a boom.

Trade is dead, and will stay dead until the people get the money by a rising market. It takes money to pay debts and revive trade by the purchase of articles on the market for sale.

If the farmer should receive 10 cents for cotton this fall, he would have more money than he had last year, and hence could revive more trade than he had last year.

As cotton is lower than it was last year, and cotton seed one half lower, wheat and everything else the farmer has to sell is lower, how is the farmer to revive trade?

Wages of labor has been reduced on all the railroads and in the manufacturing and other. How is the wage earner to help revive trade?

Who else is there to revive trade? If the tradesman can not sell his goods, he won't revive very much will he?

As farm wages go down, and wages decline, the power of the consumer is reduced and there is less consumed.

This is followed by a reduction of the prices of goods, as the tradesman desires to sell, and trade being dead, he bids for it by reducing his profits.

Thus there is a falling market all around, yet democrats tout us trade is reviving. The only thing that is reviving is the old party campaign. He is vigorous, and appears to be doing an active business.—Progressive Farmer.

Last week Mr. Spier, a populist of Ellington county, was arrested and Mr. Dick, a democrat took his place. During the contest it was shown that the populist had the most votes but was on the insolvent list in 1878, thereby making him ineligible. The whole body, populists and all, saw that he was not entitled to the seat and voted in favor of the democrat. This shows that our populist members in the legislature mean to do right.

Dalhousie Signal.

DAHLONEGA, NOV. 30, 1894.

Corn shuckings and hog killing is the order of the day.

Capt. Hall is repairing his barn and other outbuildings.

Remember that the election for town council comes off to-morrow.

The upper portion of the town was visited by a hail storm Friday evening last.

Yesterday was Thanksgiving Day and the turkey crop is reduced considerably.

That Barren you got from G. N. Owen at Gainesville for \$3.50 is a daisy.

A possum supper was given at the colored Methodist church last Friday night for the benefit of the pastor.

Gainesville is the place to buy furniture. If you will call on G. N. Owen he will offer you some remarkable low prices.

We learn with regret that Mr. Priestly Willis, an old and highly respectable citizen of Dawson county, died at Dawsonville some days ago. He was at one time a citizen of Dahlonega.

A couple of years ago corn and meal were being shipped from Tennessee and other places to Dahlonega. This year it seems to be going the other way. Mr. McKee of Dawson county, will ship 1,000 bushels to the West in a few days.

Mr. Dank Hollifield, residing near Auraria, is in Dahlonega Friday looking unpleasant on account of his son and Green Abernethy finding a nugget of gold on his lot a few days ago weighing 28 pennyweights while mining.

Martha Williams, who had only been out of jail a few weeks, was brought to town by a billiard and turned over to the sheriff again last week under a peace warrant sworn out by Mr. H. D. Gayden. She was charged with stealing corn before and this time she is accused of threatening to burn Mr. Gayden's house.

There will likely be much improvement in the Dahlonega Nugget this week as its editor has secured the services of a young lady to take charge of the literary department of his paper. This young lady made her appearance in Dahlonega bright and early Saturday morning and Mr. and Mrs. McNelly are happy.

Last Friday evening while Steve Rice was attempting to jump up on a wagon he stuck a needle in his breast to the depth of one inch and a quarter, passing between his ribs. His father was unable to pull it out without the use of his shoe pinners. It didn't seem to give the little fellow any pain after it was removed, but certainly was a very dangerous accident and would have produced death had it been a little higher about the heart.

Some of our citizens don't seem to understand the public school question which is likely to come before the next town council. A portion state that the taxes are high enough already, and do want them increased for the purpose of building school houses, while others think that it is left entirely with the council, and are telling if certain men are elected we will have fine school houses and ten months public schools all free of charge. Let no one be deceived. There will be a school house built in Dahlonega next year unless authority is given by the legislature, which has not been done yet, and then it has to be submitted to the voters within the corporate limits.

CATARHIS CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best medicines known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

See sheriff's sales for January.

J. B. Brown showed us a coin the other day 110 years old.

The friends of Mr. P. G. Garrett are running him for coroner.

We learn that W. B. Fry will move to Auraria in a short time.

Rev. Mr. Waddell occupied the pulpit at the Methodist church last Sunday.

Miss Nettie Steifel, one of Gainesville's most charming young ladies, is visiting friends in Dahlonega.

J. B. Brown has been appointed agent for the Natural Plant Fertilizer, which is recommended very highly.

I will pay cash for 350 bushels of corn and 3,000 bushels of fodder. W. A. CHAMBERS.

The cheapest furniture in Gainesville is at G. W. Owen. He has oak bed room suite to correspond with the low price in cotton. 2t

Quite a number of our citizens went out to Jay last Sunday to form the acquaintance of Mr. G. G. Wallace's new partner.

The Rev. Mr. Kilde preached an interesting sermon at the Baptist church last Sunday evening. This young divine attends the N. G. A. College.

We are informed that the liquor has already been received for Mr. Brown's election. Watch out and vote against those or their friends that use it.

We heard some parties say the other day that the managers of liquor on election days and the blind tigers would receive the attention of the next grand jury.

Frank Grindle, who is working at the Murray mine, had one of his little fingers almost mangled off last Friday while holding a drill for Fato Carter to strike.

Last week a farmer was engaged two months old pig at 50 cents apiece, and this week another farmer was here selling turkey hens at 75 cents and charging \$1.50 for gobblers.

We are authorized to state that the election of officers of the Dahlonega lodge of Odd Fellows will take place next Wednesday evening. All the members are requested to attend.

Let to-morrow's election pass without the use of any liquor. It has already caused a great deal of trouble. Watch, and when you are asked for liquor is being used for a candidate or any ticket, vote against it.

Eljah Beck, who resides in Dahlonega, is some hog raiser. His pig is an eight lb. one-year old pig weighing 531 pounds—225 and 296 each. Lige received 125 bushels of corn this year and now has plenty of hog and hominy at home.

John Gaston has a nice little pet. It is an eight lb. snake with a white ring around its neck, which he has in a bottle and carries it about in his pocket. The stopper of the bottle has a hole through it so as to give the reptile the proper amount of air.

Three wild turkeys were killed on the Findley ridge in sight of Dahlonega last week. A hen was killed Thursday by Geo. Duff, and the following day John Worley shot a gobbler and Sam Smith another hen. Our devil and foreman state so much of the one killed by Worley that they have been gobbling ever since.

Mr. Barnes, of Dawson county, whose family reside here for the purpose of reaping the benefits of the N. G. A. College, raised 200 bushels of sweet potatoes this year, all of which were frozen during the late cold weather. A few days ago he killed two large hogs, one of them weighing 400 and the other 300. What was lost in hogs was made up in pork.

At a meeting of the Board of Trustees of the North Georgia Agricultural College Tuesday it was decided to cultivate some five or six acres of land belonging to the institution as a kind of an experimental farm. A committee of three, consisting of Dr. Wheelock, Capt. Hall and Col. Chambers, were appointed to co-operate with President Waddell, who is a practical farmer, in this new experiment.

Royal Baking Powder

ABSOLUTELY PURE

Miss Brilla Davis has returned from the West.

The Rev. Thos. K. Postell is now in Monroe county, Tenn., preaching.

The students were given holiday Thursday and many went out turkey hunting.

Mr. Cobb Adams' little boy caught a wild turkey in a pen near Dahlonega Tuesday.

Mr. Arvel Hall, of Dahlonega, was appointed Commercial Notary Public at the last term of Lumpkin Superior Court.

When the N. G. A. College appropriation bill of \$3,000 was read in the House Tuesday it passed without any opposition.

Our Senator and Representative in the legislature are among the most prominent members. They are actively engaged in the interest of their county and state.

It was said on the streets this week that two gallons of liquor used properly would vote nearly all the darkies and poor men in town. Well, we can only watch and see.

We are told that a night or so before the election, an eight gallon vessel full of the "overjoyful" was left at a certain man's farm in Dahlonega between midnight and day, by Santa Claus, Jr.

Goodluck & Lowery have opened out a blacksmith shop in Dahlonega at the Giles Bell old stand, where they will be found ready to do all kinds of work in their line at prices to suit the times. Horse-shoeing a specialty.

Mrs. Elizabeth Gaddis, wife of James Gaddis, deceased, died at her home in Davis' district on last Tuesday, aged 80 years. She had been a member of the church for many years, was a good woman and liked by all who knew her.

Col. W. S. Huff says he thinks voters should be kept up in their minds during the winter months. This has been tried in Dahlonega some years but didn't seem to give satisfaction. The ordinance was passed by the council at one meeting and repealed at the next.

Mr. J. R. Graham, after attending the N. G. A. College two terms and having been elected Justice of the Peace of Hightower district, and while in that capacity knocked down the tallest man in the district resigned that office a few days ago in order to become a miller near Dahlonega. What next?

Let us have a fair election to-morrow and no one cast a ballot that is not entitled to according to law. The law and the decision of Judge Wellborn in the last council contest clearly shows who are entitled to vote. The law is this: Those that have attained to the age of twenty-one years; have been a citizen of the state twelve months and in the county six months and their homes, and have paid all taxes required of them, that they have had an opportunity agreeable to law for the years preceding the election. One of Judge Wellborn's rulings was this: "That parties could move to a town, one party could vote the next, provided they had lived in the state twelve months and in the county six months if it was with the intention of becoming a bona fide citizen of the town."

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal.

Aaron Satterfield was bound over last Saturday by Com. Baker for selling liquor.

It is reported that Mr. J. T. Hutcherson, of Auraria, will make the race for sheriff.

It will be seen elsewhere from Col. Price's letter that the finance committee has made a unanimous report in favor of the N. G. A. College having an appropriation of \$3,000.

Miss Lizzy Chapman is getting up a subscription school to be commenced in Dahlonega first of next year. Miss Lizzy has much experience as a teacher and always gives satisfaction.

Mr. Aaron Satterfield was married to Miss Nellie, daughter of Mr. F. V. Moore, Friday evening last, by Squire Lum Moten. May much happiness and long life attend them.

We regret to learn of the death of Mrs. Cager Landrum, daughter of Mr. John Jones of Day, and sister of Mr. Will Jones, of Dahlonega, which occurred in Floyd county on the 18th inst.

Mr. Joe Bonner, who is operating a gold mine in Cherokee county, was in Dahlonega last Monday exhibiting a portion of a bottle of coarse gold and some rich ore taken from the mine recently.

Mr. Wash Christy, of Crumley's district, says it will pay better to raise potatoes for hogs than corn. He has just dug 60 bushels from a patch of much less than an acre of ground and fattening his hogs on them.

We were shown an old paper last Saturday by Mr. J. E. Howell. It was his certificate of release from headquarters at Lookout Mountain, bearing date of June 13, 1865, signed by A. W. Brady, Major and Provost Marshal.

Elsewhere will be found two municipal tickets for to-morrow's election. This great hog question should be settled and harmony prevail. Let the people say by their ballots whether they want the hogs to run at large in Dahlonega or be kept up, or forever hereafter hold their peace.

Andy Lee, who is now confined in Lumpkin county jail in default of a two hundred dollar bond, for cutting G. W. Huntington on the head with an axe some weeks ago, seems to be in bad luck. Just as he was about to make bond this week Huntington put another warrant in the sheriff's hands charging Andy with misdemeanor. It seems that Andy, on the day of the fracas, discharged a gun, the load striking Mr. Huntington's nose.

The Two Tickets.

The following are the two different tickets for to-morrow's election. The first is the one adopted by the council held at the post office Saturday, and the last one is put out by citizens desiring harmony, representing all parties, called the compromise ticket.

For Mayor: J. V. Harrison. For Councilmen: F. W. Hall, W. B. McAfee, B. P. Gilliard. For Mayor: W. B. Townsend. For Councilmen: W. J. Worley, J. H. Jenkins, A. F. Norton, W. H. McAfee. Each one has agreed to serve if elected.

Dr. William R. Tyler of Barnesville has a sword that was captured by Maj. Woolfolk at Harper's Ferry, Va., during the civil war. On the blade of the sword is the name of the company of which the owner was doubtless a member. "West York Rifles" also the initials, "W. L. W." The former owner is alive but he cannot the sword by addressing Dr. Tyler.

Dr. Howard informs us that 7 out of 18 of his Japanese chestnuts planted last spring are up and looking very fine.

Lumpkin county can take the cake on two things. She has on an average 75 years of age that never took a bit of doctors medicine in his life, and another one 60 old years old that never owned but one coat in his life—always goes in his shirt sleeves, winter and summer.

We learn that some good paying ore has been discovered at the Yahoola mine. This mine is now under the supervision of Mr. John Jenkins. John has a great deal of experience in the business and but very few rich veins on the property will escape his notice to say the least of it.

We are informed by parties who attended church at Mt. Gilead last Sunday, that a good deal of liquor drinking was indulged in by some that were present. People should not attend church with a bottle of liquor in their pockets, for it is a violation of law and the ones who do it will suffer for it sooner or later.

We are informed that all the Davis', who left this county a short time ago for the West, have drawn their money from the Government. They got \$350 for themselves and each one of their children, which amounts to several thousand dollars. Mrs. Corn, will return to Dahlonega in a few days. Her share was \$1,600.

Mr. Joseph Edwards told us last Saturday of a large mountain hawk which has rendered him valuable service during the last two months. Mr. Edwards had some corn in the far side of his field from the hawks, which large numbers of squirrels were devouring. This hawk, passing over one day discovered them running off. For days he would sit in some lofty tree near by and occasionally catch one, which gave the rest such a scare until they entirely abandoned the place. Thus the hawk saved numbers of bushels of corn from being destroyed and the farmer did not molest it.

Our readers will remember the mad dog that passed through Dahlonega some weeks ago, biting every hog and dog that came in its way, and was supposed to have been killed as it passed Mack Moore's house, near Dahlonega. But later it was learned that he only crippled it and it continued its journey on three legs. Last Tuesday one of Moore's hogs went mad and a sow belonging to Mr. Samuel Smith, which was bitten the same day, had to be killed some time. Reports come to us from Mack Moore's district that things are going mad in that section. Everything that is known to have been bitten by this dog should be killed at once.

On Wednesday night of last week Jess Satterfield, Jr., came to town and swore out a warrant against J. W. Walker charging him with an assault with intent to murder. The first day during election day, by hitting him on the head with a rock during their difficulty. Mr. Walker was expecting a warrant to be issued on account of the wounded man growing worse at that time, and told the sheriff on the previous day that he would be back during the week to see about it, and if one was sworn out before he returned all he had to do was to let him know. Of course the sheriff did not feel disposed to do this, and on Thursday he went after Mr. Walker, and sure enough found him on his way to town. A two hundred dollar bond was soon given and he returned home at once. We are glad to state that Mr. Satterfield's condition has changed and that he is considerably on the mend.

Wants a Christian Mayor.

MR. EDITOR:—I think the citizens of Dahlonega should have met in convention and nominated some good Christian gentleman for the office of Mayor. As it is it gets men in control of our town affairs whose times has a bad effect. Look at the two candidates that are out for Mayor now. They are nice clever citizens, but I understand that one of them does not believe in the Bible while the others face is rarely ever seen in a church. Men that hold a Mayor's office should certainly be long to the church.

MEMBER.

Col. Price's Letter.

ATLANTA, GA., NOV. 26, 1894.

ED. SIGNAL:—

In your last issue you allude to the fact that "a committee was appointed to visit the commencement exercises of the N. G. A. College, and those who came promised to submit a report but so far we heard nothing from it." On last Friday I had the honor of presenting the report of the committee written by Senator Chambers, of Irwin. It was as exhaustive report. In conversation with speaker Fleming after the report was read to the House, said to me, that "it was a most excellent report, very flattering in every respect and must be satisfactory to the friends of the college." The finance committee has unanimously recommended the usual appropriation to the N. G. A. College. I think the amount would have been increased, but from the fact that economy is called for in every department, owing to the shrinkage in the value of property everywhere.

The institution stands high in the State and always has more or less of its former students in the General Assembly. Among those we now have are Trammell Starr, in the Senate, and Hutcherson, of Cherokee, Johnson, of Hall, Moore, of Heard, and Meadow, of Madison, and perhaps others. Of the above Mr. Moore is a minister. These young gentlemen are among the best workers in the legislature. You kindly allude to me in your notice of the failure to pass the bill giving the election of judges and solicitors to the people. The opposition is a little too strong to pass the bill now, but it will be done just as soon as the people can speak at the polls. At the next election no candidate should be elected unless he promises to vote favorably on submitting this question to the people. The present system of electing judges and solicitors has degenerated into most dishonorable practices, not so much by members of the legislature, who in most instances know nothing of the devices of candidates as by the rings and combinations outside, who in fact, after all elect judges and solicitors, the members simply carrying out the behests of the outsiders. This may seem strange to persons not accustomed to the ways of our legislature. But the evil has become so glaring and dangerous that the people everywhere are calling for a change in the mode of electing these officers. Many members have excused themselves to me by saying that the question was not a prominent issue in the last campaign. It will be a very prominent one next time. I regret that when the question was before the House, I was unable from feeble health, to present my views more clearly and forcibly in favor of the bill. The remarks I made however, have been requested for publication by several journals but I have not been able yet to write them out.

I have rarely met so many able men in a legislative body in Georgia. They represent every profession and business. Our populist brethren are ying with democrats in seeing which party can do the most for Georgia. The democratic party has not had in many years such close watchers upon its actions as it has at present. Every false step taken, or mistake made, will certainly be exposed upon the hustings hereafter by the populists. Yours, very truly, W. P. PHOENIX.

EDITOR SIGNAL:—I see that a communication appears this week in your paper, the writer of which says a man to hold the mayor's office should be a christian, or at least belong to the church, and seems to think that I should attend divine services more regularly if I desire an office.

This is certainly a new idea. I am afraid that if it was a custom for only christian people to hold an office that many such positions would often be found vacant. It is not the man every week who belongs to the church, and attends meetings, sitting up on the front seat, with a long face that is a christian. If I understand the question a man to become a true christian should first get forgiveness and then live up to the rules of the church, cease drinking, swearing, using liquor on election days, be not guilty of cheating his neighbors, be governed by the Golden Rule, in other words, serve the Lord instead of the devil. Can your correspondent come up to this rule? If he can and will let himself be known I will withdraw from the race and give him the town.

W. B. TOWNSEND.

INQUIRIES ANSWERED.

Valuable Information Upon the Farming Subject.

FERTILIZERS RECEIVE ATTENTION

A careful investigation shows that the general use of fertilizers has resulted in a permanent improvement of our lands.

DEPARTMENT OF AGRICULTURE, ATLANTA, Nov. 1, 1894.

Do you believe that the general use of fertilizers has resulted in a permanent improvement of our lands?

We regret to reply to your inquiry that a careful study of the yield per acre of staple crops does not show any general improvement resulting from the use of our improved fertilizers. That we have simply been temporizing is a source of much regret, for the secret of successful agriculture is in addition to fertilization and the soil, and the farm soil is increased yield year by year. That this increased yield can advantageously be accomplished by the use of chemical fertilizers only is a subject to be questioned unless supplied in support, which at the same time supplies organic matter absolutely essential to permanent improvement of land. In reply to your inquiry relative to improving your sandy land, we give in this report a method adopted by a successful farmer. Clay soil yields much more readily to manuring than does sandy soil. In reply to your inquiry relative to improving your sandy land, we give in this report a method adopted by a successful farmer. Clay soil yields much more readily to manuring than does sandy soil.

Now, we will add that at the time the Farmers' formula was prepared the cottonseed oil mill did not offer the market advantages of selling the seed and purchasing meal, which is now sometimes the case. As to whether the seed should be sold and meal purchased, we refer to previous discussions in these reports. Should meal be substituted, about 100 pounds of the meal will take the place of 300 pounds of cottonseed.

VALUATION OF FERTILIZERS.

In the Fertilizer Bulletin issued by the department of agriculture, we do not give the value of the fertilizer, but the value of the fertilizer material at the time it is applied. The value of a fertilizer, as it appears in the Bulletin, is obtained in the following way: The department has taken the value of the fertilizer material at the time it is applied. The value of a fertilizer, as it appears in the Bulletin, is obtained in the following way: The department has taken the value of the fertilizer material at the time it is applied.

BAIRD LAND.

Please give me a method of improving sandy land. Sandy land suffers more from drought than clay soil. It is, therefore, more essential on this class of soils than any others that it be supplied with an abundance of humus. The humus also has the power of absorbing water and retaining moisture, a quality in which and soils are deficient. How then is organic matter to be supplied, and what is the cheapest method of supplying this requisite to its fertility and future fertilization? Humus can be supplied from the stable, but compared with the rest, rotation of crops is the best and most economical method of supplying this requisite to its fertility and future fertilization.

GRAPE.

Will you kindly give me Farish, Furman's formula for compost and his method of applying the same? I. C. E. Brannen, Ga. We know of no other method of applying the same than as given by himself. He says: Now to give you the formula upon which my compost is made, take 30

barrels of well rotted stable manure or well rotted organic matter, as leaves, mulch, etc., and scatter it about three inches thick upon a piece of ground so situated that water will stand on it, but shed off to every direction. The whole will weigh about 600 pounds. Take 300 pounds of good acid phosphate and 100 pounds of kainit and mix the acid phosphate and kainit thoroughly. Then scatter evenly on the manure.

Take next 30 bushels green cottonseed and distribute evenly over the pile and wet them thoroughly. They will weigh 900 pounds. Take again 300 pounds of acid phosphate and 100 pounds of kainit; mix and spread over the seed. Begin again on a manure and keep on in this way building up your heap layer by layer until you get it as high as convenient, then cover with six inches of rich earth from fence corners and leave at least six weeks. When ready to haul to the field, cut with a spade or pickaxe square down and mix as thoroughly as possible. Now we have 30 bushels of manure, weighing 600 pounds, and 300 pounds in the first layer and 30 bushels of cottonseed, weighing 900 pounds, and 300 pounds of chemicals in combination form the perfect compost. You will perceive that the weight is 2,400 pounds. Apply the first year 500 pounds per acre in the drill; the second year 1,000 pounds and not more than 1,500 pounds. After this from 4,000 to 5,000 pounds per acre as you are able to prepare.

Now, we will add that at the time the Farmers' formula was prepared the cottonseed oil mill did not offer the market advantages of selling the seed and purchasing meal, which is now sometimes the case. As to whether the seed should be sold and meal purchased, we refer to previous discussions in these reports. Should meal be substituted, about 100 pounds of the meal will take the place of 300 pounds of cottonseed.

REFUSE SALT.

How can I utilize refuse salt as a fertilizer? Can it be used on cotton? T. H. Hampton. The effect of salt as a fertilizer is not in supplying directly plant food, but in its chemical effect on the plant food already existing in the soil or applied with it. You can use it either in complete or as a top dressing. It is not a fertilizer, but a chemical effect on the plant food already existing in the soil or applied with it.

ABSORBENT.

We note in your last report that you give the increased absorbent power for building of straw where rich earth is used. Can you give me the absorbent power of oak leaves and pine needles? P. E. L. Adams. Regarding 1,000 as a perfect absorbent, the absorbent power of oak leaves is 241, that of pine needles 308. In order that you may compare them, the following is the absorbent power of straw and rye straw: Pea straw, 326; rye straw, 394. We are pleased at an interest in this question, as to little attention has been paid to saving these manures, which is as valuable as soil excrement, and should not be wasted.

OATS AFTER CHAB GRASS.

I have some corn land which I wish to sow in spring oats for forage. The land was allowed to rest this year and has a deep crop of chab grass. When you advise burning the grass off or turning it under? D. L. Adams. At times when no immediate results are desired it is advisable to burn a field of this character off. Looking, however, to the preservation and fertility of the soil in the future, which is the duty of every farmer, the grass should be turned under. In burning all the organic matter is destroyed and only the mineral substances remain. In turning the grass under, nothing is lost and the organic matter is absolutely essential to high fertilization and the life of the land is obtained.

BRAN OR CORN MEAL.

Which is the best to mix with cottonseed for stock, bran or corn meal? P. L. M. Augusta. It is better to mix corn meal with cottonseed than bran, as it corrects the deficiency of the cottonseed, being rich in carbohydrates, in which the seed is deficient. As a matter of economy, at present prices the bran is the cheapest.

DOVES IN CATTLE.

Do doves in cattle ever kill them? Please give me a remedy. J. A. L. Calhoun. Wolves are injurious to cattle, but we have never heard of a case where death has resulted. If the animal is gentle enough, squeezing them out is simple and very effective. In the brain which contains the insect there is always an opening and if the matter on the surface be removed and keystone applied it will result in their death.

GRAPE.

What is the proper distance to set out grapevines? S. C. E. Elberton. Right by eight is the usual distance. Some prefer eight by ten.

GRASS FOR BOTTOM LAND.

What would be a good grass for me to sow on rich bottom land, which is too wet to probably grow in grain? H. A. L. Acworth.

WILL YOU HELP?

In the great contest which is to be fought between now and the next Presidential election.

THE PEOPLE'S MONEY—the coinage of both gold and silver, without discrimination, which means the free coinage of both as opposed to the policy of contraction, which is being dictated by England, and which leaves tribute on every product of the farm, on valuations of all kinds and on all products of the labor.

The Great Issue now is the double standard against the single standard—the use of both gold and silver as standard money metals against the organized effort to hold the currency of the country strictly to the gold basis.

THE ATLANTA WEEKLY CONSTITUTION

published in ATLANTA, GA., and having

A CIRCULATION OF MORE THAN 150,000, chiefly among the farmers of the country, and going to more homes than any weekly newspaper published on the face of the earth, is

The Leading Champion of the People in this as well as in other great contests in which they are engaged against the exactions of monopoly.

By special arrangement with the Constitution the paper publishing this announcement is prepared to make a REMARKABLE CLOSING PEE, by which both this paper and The Constitution will be offered for one year at almost the price of a year's subscription to one paper.

BOTH PAPERS FOR \$

THE CONSTITUTION IS THE BIGGEST AND THE BEST WEEKLY NEWSPAPER published in America, covering the news of the world, having correspondents in every city in America, and in the capitals of Europe, and reporting in full the details of debates in congress on all questions of public interest. It is

THE GREAT SOUTHERN WEEKLY NEWSPAPER, and as the exponent of southern opinion and the purveyor of southern news it has no equal on the continent.

THE CONSTITUTION'S SPECIAL FEATURES

are such as are not to be found in any other paper in America.

The Farm and Farmer's Department, The Women's Department, The Children's Department,

are all under able direction and are specially attractive to those to whom these departments are addressed.

Under the editorial management of Clark Howell, its special contributors are writers of such wide reputation as Clark Howell, Frank R. Stockton, John Chandler Harris, and hundreds of others, while it offers weekly service from such writers as R. W. Plunkett, William F. Reed, Frank L. Stanton, and others, who give its literary features a peculiar Southern flavor that commands it to every reader from Virginia to Texas, from Missouri to California.

DO NOT DELAY, but send your name now. If you are already a subscriber to your home paper, and you want The Constitution only, your name to the Constitution direct, and one dollar for one year's subscription, with your name in the price contest. You can get your home paper, however, publishing this, and The Constitution for almost the price of one and remember that all clubbing subscriptions must be sent to this paper and not to The Constitution.

THE CONSTITUTION

is among the few great newspapers publishing daily editions on the side of the people as against European Domination of our money system, and it heartily advocates:

1st. The Free Coinage of Silver,

Believing that the establishment of a single gold standard will wreck the prosperity of the people, and that the people, through it, may profit the few who have already grown rich by federal protection and federal subsidy.

2d. Tariff Reform,

Believing that by throwing our ports open to the markets of the world and leaving only enough import duties to pay the actual expenses of the government, the people will be better served than by making them pay double prices for protective tariffs.

3d. An Income Tax,

Believing that those who have much property should bear the burdens of government in the same proportion to those who have little.

WILL YOU HELP?

In the great contest which is to be fought between now and the next Presidential election.

THE PEOPLE'S MONEY—the coinage of both gold and silver, without discrimination, which means the free coinage of both as opposed to the policy of contraction, which is being dictated by England, and which leaves tribute on every product of the farm, on valuations of all kinds and on all products of the labor.

The Great Issue now is the double standard against the single standard—the use of both gold and silver as standard money
